*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters and figures &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, free defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note * thus A 1 * tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ...) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⅄ thus A ⅄ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 12 the ✠ signifies that the vessel was built under Special S*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3.85~~) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. *** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's ors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of r machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no or to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it by intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or ther causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 385) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 385) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) — indicate that the class of the Vessel has lapsed for want of survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel has been Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, having defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A 1. has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, *printed in Red, see Key.* *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Aspha*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&MS.—Boilers and Machinery surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N&A.)* *lrp.—Large repairs.* *drp.—Lesser repairs.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.83) indicates that the Class was withdrawn from non-compliances, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ‡A 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,83) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,83) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *‡ thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers* *Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su* *&c. A 1, printed in Red, see Key.* *BHds*—Bulkheads. *PBH*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp—Asphalt.

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMMS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ Indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC). ✠ N.B. Inp—Large aperture. Asp—Passages opening at Bottom

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (--), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia For A1, painted in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A LMC.—Maintenance Certified by the Engineer-Surveyors to Lloyd's Register. • *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book.* ‥ *In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note * thus ✠ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a. &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repe defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, wit Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓ ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ✠‡1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3.85~~) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‖ thus A ‖ 1. that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*** **Additional Ships are inserted in the Supplement at the end of the Register.**

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Societ Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Regis Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots (. . .) indicate that the Vessel was c time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note †, thus A 1 †, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (Q) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡⚓ has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note * thus A * 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the lett &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. * *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book.* *In Column 13 three dots . . indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Le signifies the close Revision of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 5/36) indicates that, at that date, the Vessel had defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5/36) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ (thus, *✠) indicates that the Vessel has been built with heavier plating than the Rules require; the note ‡ (thus ✠‡) indicates that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red ○ over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Conv.—Converted. Asp.—Aspinall's Patent. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. DBH.—Builders' and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC. ✠ DBH.) Lge.—Large repairs. Dge.—Damage repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, —) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus A ⁂ 1, that she has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 12 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c; indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus *✠ 1. that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classifications of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require: the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boi Steam Ship, or in Black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column the signs ✠ ✠ ✠ signify the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ——) indicates that, at that date, the Vessel was free defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓‡, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates date when engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 12 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lr signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ~~1887~~) indicates that, at that date, the Vessel from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~1887~~) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A figure in red (1) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, unparalled the Ship's safety. In Columns 1 and 12 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*** **Additional Ships are inserted in the Supplement at the end of the Register.**

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of hull or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the class position of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No 22. In Column 14 a black line with date under it (thus, 3–86) indicates that, at that date, the Vessel defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3–86) indicates that the Class was withdrawn from non-compliance, at that Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A 1, has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel w time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letter &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from t defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was times Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note " prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the lett &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓ ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 6.86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the le &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,83) indicates that, at that date, the Vessel, tro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that d Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letter &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. RMC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Su Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ NMB). Lrp. Large repairs. Arp.—Average repairs of M*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‖ thus A ‖ 1. that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots … indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column LV *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, a Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ✠ ‡, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. EASE—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Vessels Surveyed or Machinery or Boilers Constructed under the Rules for Special Survey.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su For A1, printed in Red, see Key. BIIds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note Σ thus A 1 Σ, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1. that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A1, printed in Red, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC—Machinery Certified by the Engineer-Surveyor to Lloyd's Register. RMC—Refers and Machinery Surveyed and reported to by Lloyd's Engineer-Surveyor. ✠ indicates Special Survey of Machinery by Lloyd's Engineer-Surveyor. ✠LMC. ✠RMC. Inp.—Large

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Ly signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◉) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⚓ thus ⚓ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

***** Additional Ships are inserted in the Supplement at the end of the Register.**

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's yors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no yor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it eby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 these words ... indicate that the Vessel was Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the class-section of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel had defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus ⚓*1, that she has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, provided in Cost, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. DMC.—Donkey and Auxiliary Steamers certificated to be examined by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Table ✠ LMC., ✠ S.&D.) trp.—Large opening. Asp.—Asphalted.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Ls signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓‡, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, [illegible]) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that Co Society's Rules. The note * prefixed to ⩓ thus, * ⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.

time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.

*&c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, U ‡ 1, &c., indicates that

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was not Classed, but that the Class has been withdrawn at Owner's request. In the words Cr'n a.s. Le signifies the classification of the Underwriters' Registry, and the letters &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ——1887) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——1887) indicates that the Class was obtained by compliance, at that date, with Surveyor's Notes. The mark * prefixed to ^ thus, ^* indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡ A 2 1, that the hull has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A mark in red (^) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, provided for Hull, see Key.*

LHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Key—d

Lloyd's Register ✠ indicates Special Survey of Machinery of Vessels built under Special Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, impairing the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*** Additional Ships are inserted in the Supplement at the end of the Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3·85) indicates that, at that date, the Vessel, from repeated defects, was not certified to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The mark * prefixed to ✠, thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the mark ‡ thus A 1. ‡, that the Vessel has been built to excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red ( ) over the figure 1, indicates defects in engines or boilers. Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, compromising the Ship's safety.* *In Columns 1 and 12 the ✠ signifies that the vessel was built under Special Survey.*

Bkhds.—Bulkheads. *PBH.—Partial Bulkheads not reaching to the Main Deck.* *Cont.—Converted.* *Asp.—Aspha*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letter &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note " prefixed to ✠ thus, "✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⅞ thus A ⅞ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column L signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, "✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ NE&B). lrp.—Large repairs drp. (Large repairs of the Hull).

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was o time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Tab'e No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, wh Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Columns 13 three dots . . indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Columns, for abbreviations, the classed ages of the Underwriters' Registry, and the letters A, E, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ~~1887~~) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~1887~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note " prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plates than the Rules now require; the note ‖ thus A ‖ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates that the vessel is in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, to mark the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*** **Additional Ships are inserted in the Supplement at the end of the Register.**

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BoWS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Steamboat-Surveyors Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction. (thus, ✠ LMC, ✠ BoWS.) trp.—Large trapezoid. drp.—Common trapezoid.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⅄, thus A ⅄ 1, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Stream Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Surv*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 8,86) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A. 1. that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, unremedied the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalte.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BSMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ BSMS.). trp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

*1 * A1, printed in Red, see Key.* *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

LmC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register,* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC.; ✠ S.&M.).* *lrp.—Large repairs.* *drp.—Damage repairs, of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus **(A1)—**, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.*

For A 1, or Class in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *BoMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NB&B).* *Lrs.—Large repairs.* *drp.—Thorough repairs of Machinery.*

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, *printed in Red, see Key. BHds — Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.S.6.) lrp.—Large repairs. drp.—Drowage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at times Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus ⁂A : 1, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur*

LIST OF OWNERS OF SHIPS

RECORDED IN THE REGISTER BOOK.

1st JULY, 1887.

This List consists chiefly of the Names of Managing Owners. It therefore does not include the names of some large Owners of Shipping Property, or form a true indication of the extent to which others are interested in Shipping.
